

## Sliding Fee Schedule

In order to ensure that mental health care is made available to our patients without regard of ability to pay, a Sliding Fee Program, based on family size and income, is offered to our patients. All Sliding Fee Program participants must apply annually with current proof of income.

To determine if the Sliding Fee program may pertain to you, please follow these steps:

Using the 2024 Table below, find your family size down the left column, find your annual income range on that same line. Last, follow the income range column upward to the point that tells you whether you might pay a nominal fee or a designated percentage of the charges.

This is primarily an estimate that should provide enough information to determine whether you want to submit a request or not. Required supporting documents will be reviewed prior to a decision being made regarding the level of adjustment to be assigned. The Sliding Fee program is renewed annually with current proof of income.

What will I need to submit my application?

Current Proof of Income: Last year's Tax return, pay stubs x 4 weeks, unemployment benefit statement or Social Security 1099 or benefit notice.

If you are interested in applying for the Sliding Fee program, please email Matt Smith at [info@LTAW.net](mailto:info@LTAW.net) and include the supporting documents.
